	Use of Cover	Movement to contact	Assault	Officer Safety	Search	Use of Force
1	No use of cover. Staged in open. Fully Exposed throughout mission	No defined stack. No weapons covering objective. Large gaps between team members.	No use of distraction device. Movements telegraphed. Assault too slow	Team members frequently swept other members. Members did not maintain area of responsibility.	Bus and suspects not searched. No one secured.	Deadly force incorrectly used.
2	Staged behind cover. Didn't utilize cover after movement began. Stopped in open.	Team stacked closely, but gaps developed during movement. Weapons pointed down and not on target.	Distraction device incorrectly used.	Ocasional sweeping of team members with weapons. Finger on trigger with no lethal threat present.	Bus searched but weapons or suspects not located or searched.	Too little or too much less lethal force used. Decision to use deadly force took too long to make.
3	Proper use of cover. Only exposed when tactically necessary.	Team stacked and moved closely and uniformly. Maintained 180° security at all times. All weapons on target.	Proper use of distraction device. Assault was smooth and fast.	Did not sweep off on team members. Trigger finger indexed unless lethal threat was present.	Bus searched. All weapons and suspects located. Suspects and victims searched and secured.	Force was used properly during entire assault. If deadly force used, ability, opportunity, and jeopardy was present.
