PROFESSIONAL DEVELOPMENT

Our objective is to prepare each SkillsUSA member for entry into the work force and provide a foundation for success in a career. Becoming a professional does not stop with acquiring a skill, but involves an increased awareness of the meaning of good citizenship and the importance of leadership in the world of work.

Several meetings throughout the year will have specific focus on getting hired, choosing a good career, being aware of ever changing career options, and a focus on leadership development through service. Competition preparation will provide opportunity for students to develop job seeking and profession specific skills sets.

Through our career tech classes we have created a Professional Development Point system in order to insure students are participating in extracurricular activities beneficial to each student's career development.

Professional Development Points are used to foster the bridge between secondary education and life-long learners. Points are given for participation in Skills USA events, service, and competitions.

In the Law and Justice Program students may earn points by other activities. Students participating in Debate Team, Mock Trial Team, and Police Explorers provided these align with the student's career plan. Students may also read journal articles from approved professional journals such as FBI Law Enforcement Bulletin, American Lawyer, or similar and submit a summary report.

COMMUNITY SERVICE

Our objective is to promote and improve good will and understanding among all segments of the community through services donated by SkillsUSA chapters, and to instill in its members a lifetime commitment to community service.

Centennial SkillsUSA has maintained a partnership with North Fulton Community Charities. We provide volunteer support in addition to material support. The one exception is the collection of letters for our troops stationed in the Middle East.

We will stay attuned to service events seeking school-wide support and participate as deemed appropriate such as the Breast Cancer Walk and similar.

MONTH	CHARITY DRIVE
October	Cans
November	Toys
February	Coats
March	Letters to troops
May	School Supplies

EMPLOYMENT

Our objective is to increase student awareness of quality job practices and attitudes, and to increase the opportunities for employer contact and eventual employment.

For our meetings we have scheduled many different speakers in order to promote employment in the community.

We have contacted local business owner and millionaire Scott Shickler and plan to invite him to speak at a meeting

We also plan to have a financial speaker come in and speak to our chapter about finances for the future and how to achieve financial achievement.

WAYS AND MEANS

We plan and participate in fundraising activities to allow all members to carry out the chapter's projects.

In order to achieve a high competition level our chapter needs to create scholarship funds by encourages our members to participate in fundraising.

Our Fall Heritage Candle fundraiser is scheduled for October. This helps raises a bulk of our funds because candles are such a popular item that we always have a successful fundraiser.

Our Skills USA Chapter also has another yearlong fundraiser by selling waters and sodas to our school, this is a successful fundraiser that supports our program year long.

Also, some club events will collect money to participate in the event. Any overages will be committed to supporting competitors. However the objective of money collection is to cover expenses related to the event, not to raise funds.

Based upon our successes at State Competitions, we will adjust and plan for our financial needs to support our State Champions at Nationals.

SKILLS CHAMPIONS

We plan to offer students the opportunity to demonstrate their skills and be recognized for them through competitive activities in occupational areas and leadership.

Our chapter of about 200 members has approximately 60 students expressing plans to compete in the local, state and national competitions.

Students will compete in leadership competitions in addition to the industry specific competitions.

We have set aside seminar time to train and prepare each of the competitors in the competition area that relates to them.

Anticipated participation in the following competitions:

- Action Skills

PUBLIC RELATIONS

Our goal is to make the general public aware of the good work that students in career and technical education are doing to better themselves and their community, state, nation and world

During our meetings, social events, and charity drives our chapter will continue open communication with the local newspaper in hope to achieve community support. We will solicit coverage from our school paper, school broadcast production, and PTSA newsletter. Locally we will contact the North Fulton Neighbor, Revue and News, as well as the Atlanta Journal and Constitution. For events that may merit TV news coverage we will contact the major stations.

SOCIAL

Our objective is to increase cooperation in the school and community through activities that allow SkillsUSA members to get to know each other in something other than a business or classroom setting.

Skills USA Leadership has created events that our chapter members would participate in.
